## Sample screenshots

## Using the application

### 1. Getting Started

In the application area of your phone, find and launch **MyFuture**. You will see the splash screen.

### 2. Main Menu

Items on the Main Menu screen are: **Tarot**, **I Ching**, **Biorhythm**, **Wallpaper Gallery**, **Preferences**, **Help** and **About**.

### 3. Choose Item or Reading Category

Through the use of the Navigation key (usually a large 4-directional key), you can highlight individual menu items by pressing up or down on the key and execute the highlighted item by pressing the center of the Navigation key.

### 4. Select Reading

Once the reading category has been selected, choose Basic Reading or Get Wallpaper by pressing up or down on the Navigation key and execute selection by pressing the center of the Navigation key. If you select the **Basic Reading** option the graphic symbols of your reading will display. Press the center of the Navigation key labeled OK to view the interpretation for the symbols you have drawn.

### 5. Wallpaper Gallery – (Available on select phones)

Through the use of the Navigation key, select either the I-Ching or Tarot category to create your personalized wallpaper. Highlight the wallpaper image thumbnail of your choice using the Navigation key. Select the wallpaper image by pressing the center of the Navigation key. Your wallpaper image will display on the next screen with an option for you to save or further customize it with your own text.

## **7. Preferences**

Items on the **Preferences** screen are: **Languages** and **Phone Info**. Additional items depend on phone model and may include: **Daily Messaging** and **Promotions**.

## **8. Help**

By choosing the **Help** item you will be directed on how to use the navigation keys to work the application. Through the use of the Navigation key (usually a large 4-directional key), you can highlight individual menu items by pressing up or down on the key and execute the highlighted item by pressing the center of the Navigation key.
